University Fountains is a 228-unit, 683-bed student housing community located within one-quarter-mile of Texas Tech University in Lubbock. Completed in 2005, University Fountains contains 17 three- and four-story residential buildings. The property offers townhouse and flat-style apartments, including one-, three- and four-bedroom floor plans. All of the units have bed-bath parity. University Fountains maintains a 97 percent occupancy rate.

University Fountains offers students amenities including a fitness center, tanning salon, computer lab, resort style pool area and Jacuzzi, free shuttle to campus, a basketball court, and sand volleyball court. Apartment units are fully furnished and include flat-screen televisions. Kitchens feature black-on-black appliance packages and built-in microwaves. All units have private, full-sized washers and dryers, along with high-speed Internet connection in every bedroom. Monthly rent includes expanded cable, high-speed Internet and all utilities.

Vesper is planning to complete a major renovation of University Fountains and will invest nearly \$2 million in capital expenditures. Property improvements will include a renovation of the units and clubhouse, as well as extensive enhancements to the property's exteriors and community amenities, and technology upgrades throughout the complex.

Vesper's student housing portfolio now totals 16 apartment complexes and more than 9,000 beds. In Texas alone, Vesper now owns six properties totaling 3,044 beds across four university markets.
